The summer ice cream social was very successful. Thank you to all who volunteered to help.

Parish Pavilion – thumb tacks and staples will no longer be permitted to be used to attach coverings to the tables. These have caused injuries and damage the tables. The parish has clips that fit the tables and will be made available to those scheduled to use the pavilion. Those using the pavilion will be responsible for lost clips or damage.

The porches on the front of the rectory are leaking and we will be looking at replacing them.
